- Running costs from less than £2 per annum.

Description

P-Lux LED Front Door Lanterns offer space and security lighting. Photocell controlled and PIR (Passive Infrared) activated, at dusk the lantern automatically switches on at low level.

If movement is sensed the light fully illuminates. After 60 seconds, if no further activity is sensed, it returns to low level illumination.

At dawn the lantern automatically switches off.

THIS FITTING HAS AN INBUILT LAMP. THE LAMP CANNOT BE REMOVED AND ATTEMPTING TO DO SO WILL DAMAGE THE FITTING.
